## Welcome Address

It is with immense pride and pleasure that we extend our warmest welcome to all of you today. We are delighted to announce the upcoming "Interventional Procedures and Neuromodulation Workshop for Pain Management- InProNeuromod 2023". This event is organized by the Department of Anaesthesia and Intensive Care at PGIMER, Chandigarh, in collaboration with the esteemed Department of Anaesthesia and Pain Management at Toronto Western Hospital, University of Toronto, as well as the renowned Pain Relief Foundation in Liverpool.

Taking place on the 21st and 22nd of October 2023, at the esteemed PGIMER Chandigarh, this workshop aims to provide valuable insights and hands-on experience in interventional procedures and neuromodulation techniques for effective pain management. We are honored to host a distinguished panel of international faculty members from Canada, the United Kingdom, Singapore, and the United States, who will share their expertise and knowledge with us. Additionally, we are fortunate to have esteemed national experts who will also contribute their insights to enrich this academic feast.

The workshop is designed to offer a comprehensive learning experience. On the first day, participants will have the opportunity to engage in an ultrasound-guided cadaveric and volunteer workshop, enabling them to gain practical skills and enhance their understanding of pain management techniques. The second day will focus on a fluoroscopy cadaveric workshop, further expanding participants' knowledge and proficiency in interventional procedures.

We cordially invite each and every one of you to be a part of this exceptional event. We understand the value of your time and expertise, so we kindly request you to mark your calendars and reserve the dates for this extraordinary workshop. We assure you that the InProNeuromod 2023 workshop will offer invaluable insights, foster professional growth, and facilitate networking opportunities with like-minded professionals.

Let us come together, exchange ideas, and enhance our understanding of pain medicine. Together, we can strive to alleviate suffering and improve the quality of life for countless individuals. We look forward to your presence and active participation in this highly anticipated event.

Thank you, and we eagerly await your esteemed presence at the InProNeuromod 2023 workshop.

**Dr. Babita Ghai**  
Organizing Chairperson

**Dr. Nitika Goel**  
Organizing Secretary

**Dr. Varun Singla**  
Joint Organizing Secretary

**Dr. Rajanikant**  
Treasurer

## ABOUT THE WORKSHOP

To disseminate knowledge to identify and demonstrate radiological and sonographic landmarks for interventional pain procedures.

To teach pain fellows and residents skills to perform interventional pain procedures under fluoroscopic and sonographic guidance.

To provide pain fellows and residents knowledge to describe the rationale and indications for frequently performed interventional pain procedures.

To develop a forum for pain fellows and residents to interact with each other and instructors from the pain fellowship programs

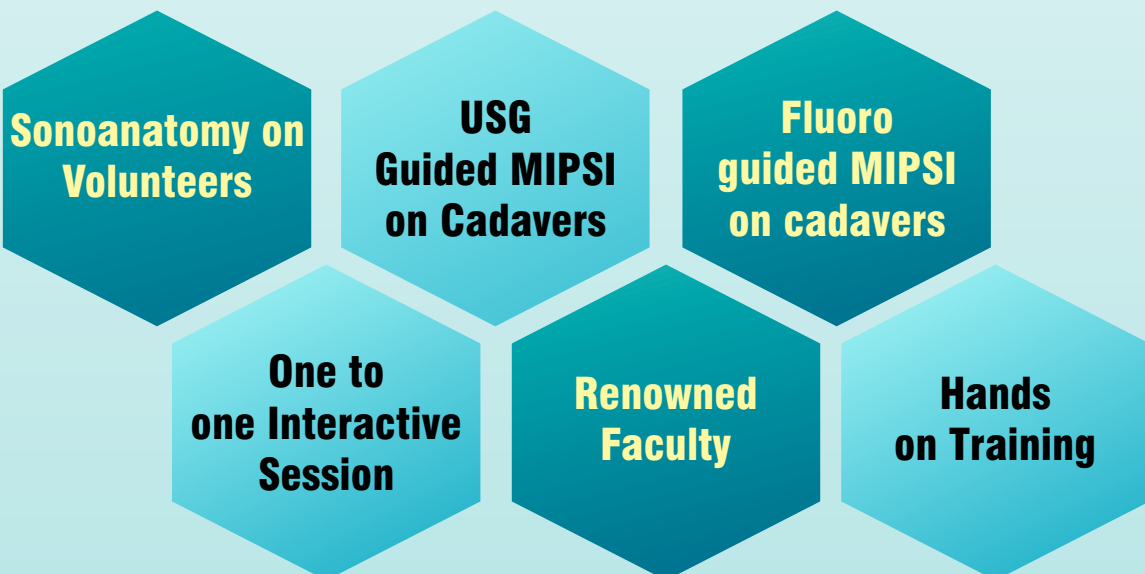

### ANTICIPATED ATTENDEES:

Pain fellows and residents who are training in programs with an interventional component. Residents in Anesthesia, PM&R, and Neurology who are contemplating a fellowship or residency in Pain Medicine can also apply

### COURSE FORMAT:

Lectures in the morning and hand-on training sessions in the afternoon on both days. Volunteers and cadavers will be available with fluoroscopy and ultrasound machines for learning and practicing interventional procedures.
